With a wealth of experience, Surbana Jurong has built more than a million homes in Singapore and developed over 100 industrial parks globally. In addition to building homes and designing cities that are socially, economically and environmentally sustainable and also empowering communities to thrive.

Master Planning

Backed by an established track record of crafting master plans for projects in over 30 countries, Surbana Jurong is recognised globally as an established urban planning and design specialist. The master plans developed by Surbana Jurong shape communities by focusing on the economic, social and environmental aspects. Surbana Jurong understands, interprets and inspires a variety of deliverables to create convenient, equitable, healthy, efficient and attractive environments for the present and future generations.

SMART LOCATION

NEAR NEW ISLAMABAD INTERNATIONAL AIRPORT

The project site of CSC is situated in Islamabad and Rawalpindi region, next to New Islamabad International Airport on M-2 Motoway.

Excellent location of CSC makes it well-connected to the new airport and surrounding major urban centres via M2 Motorway, Chakri Road and upcoming Rawalpindi Ring Road.

City metro bus line is extended from the city centre of Islamabad to the new airport and potentially into the site by FDHL.

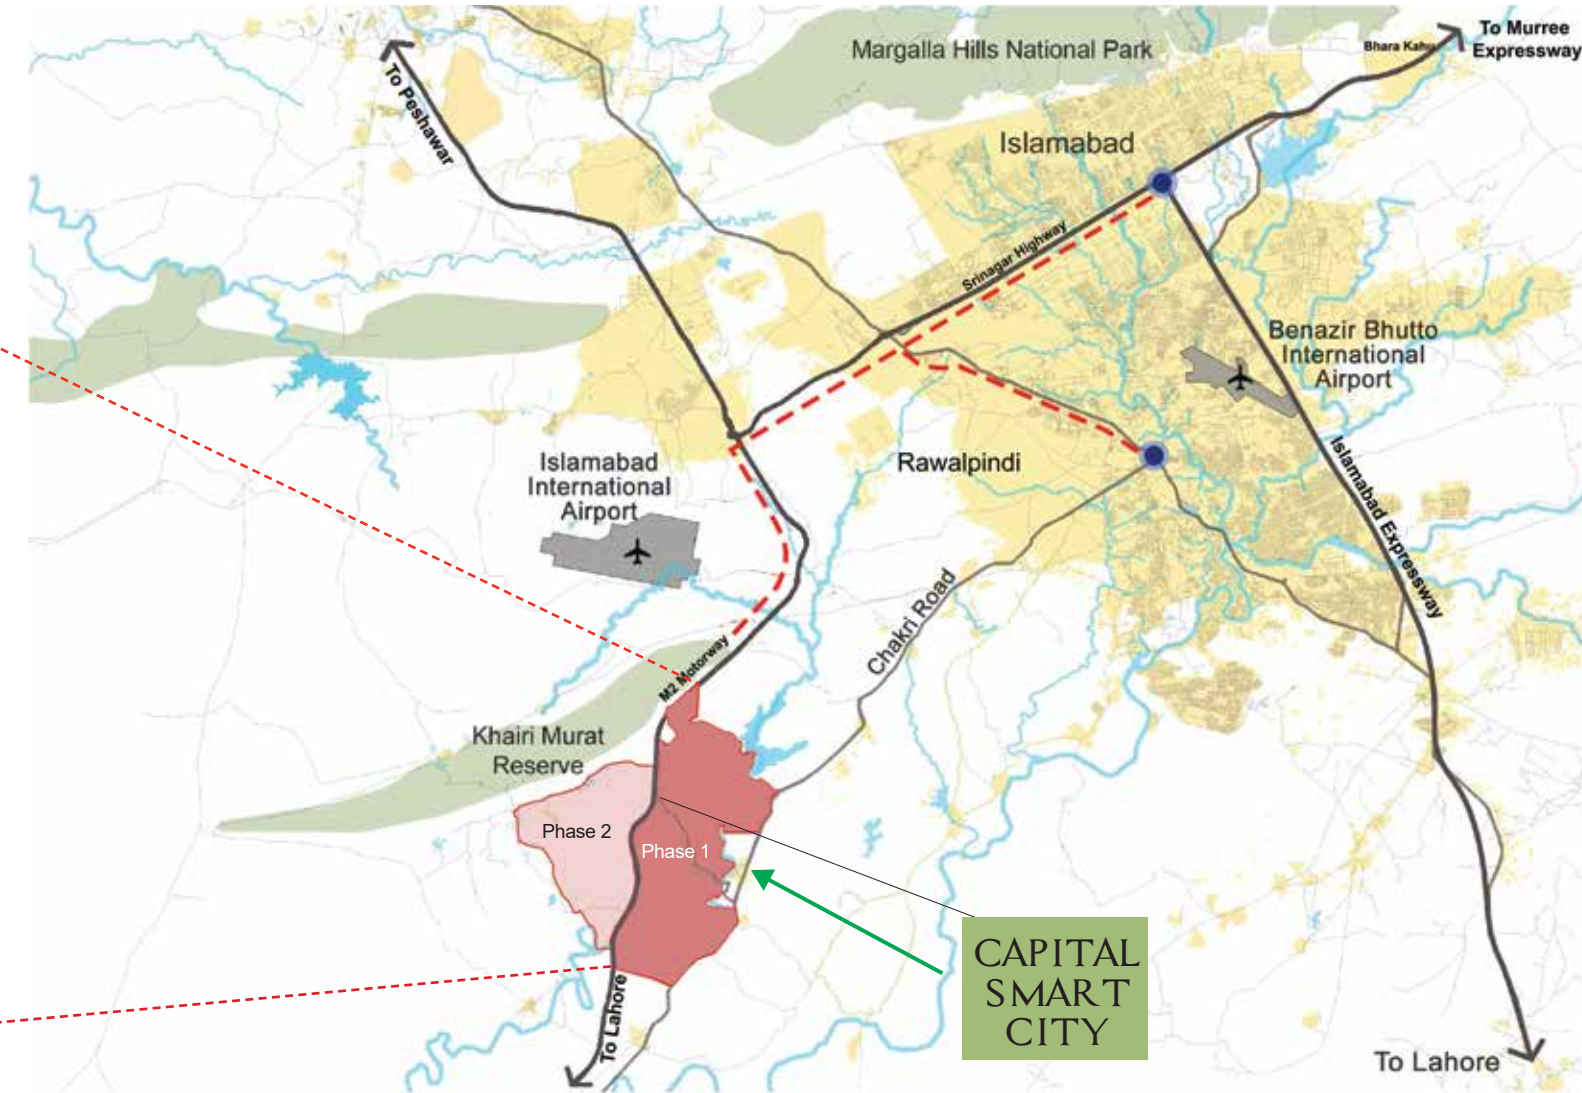

Excellent Location

Excellent Location along M2 Motorway with High Value Development Potential

Growing Urbanization & Economic

Growing Urbanization & Economic Opportunities in Islamabad Region

5-7 minutes drive

5 - 7 minutes drive from New Islamabad International Airport

22 minutes drive

22 minutes drive from Islamabad & Rawalpindi City Centres

Seamless BRT Connection

Seamless BRT Connection to New Islamabad International Airport & Islamabad City

Excellent Location & Connectivity

With the emerging economic opportunities in the region, CSC is poised to establish itself as a regional centre offering new business opportunities and accommodating the influx of population by creating a new centre of economic, commercial, health, educational, recreational, housing and tourism facilities.

The existing natural elements of forests, hills and rivers surrounding the site provides opportunity for scenic views, vistas and potential green corridors.

CAPITAL SMART CITY FACILITIES

SMART FRAMEWORK

EVERYTHING
YOU NEED IS NEAR YOU

Capital Smart City near New Islamabad International Airport aims to become first ever smart city in Pakistan and a model for sustainable development. Concept of smart city revolves around a comprehensive urban management model which promotes efficiency and control on one hand and inclusion and participation on the other. It leverages and connects modern technology to enable cities to function more reliably with sustainability for all residents.

SMART ECONOMY

Diversity of Jobs

- ▶ To become the first commercial center in the region; neighboring the New Islamabad International Airport.
- ▶ To attract international business and investors.
- ▶ To create a variety of job opportunities in commercial and service sectors.
- ▶ About 90,000 IT jobs alone will be available.

Convenient & Quality Living

- ▶ To design a resilient social infrastructure.
- ▶ To set a model of human centered contemporary urban design.
- ▶ To introduce the concept of community based sustainable urban development in Pakistan.
- ▶ To provide the residents of smart city with modern technology driven swift access to a wide range of urban facilities.

Efficient Resource Management

- ▶ To be the most eco-friendly development project in the region.
- ▶ To promote integrated solid waste management and responsible usage of the resources.
- ▶ To provide adequate and reliable water supply.
- ▶ To ensure uninterrupted power supply

SMART ENVIRONMENT

World Class Infrastructure

- ▶ To provide efficient and sustainable transportation facilities, modern infrastructure to increase productivity and regional growth.
- ▶ To ensure that well-connected networks are established for road users and future mobility needs.

Protection of Cultural Heritage

- ▶ To become a culturally rich city with a vibrant multicultural environment.
- ▶ To integrate ethnic and cultural diversity in the architecture of smart city.
- ▶ To become a center for community with different social & cultural needs.

Clean & Green

- ▶ To conserve natural resources and ensure minimal loss of natural areas.
- ▶ To become a picturesque city, full of natural vistas and sceneries.
- ▶ To provide an eco-friendly environment that is ideal for long walks and hikes.

SMART MOBILITY

INTEGRATED TRANSPORT SYSTEM FOR BETTER CONNECTIVITY

Strategic network of CSC is structured on a gridded network of roads to maximize efficiency and connectivity, creating network flexibility with a variety of possible routes to any destination. A link to the north of the city will serve as a bypass, after the movement of commercial traffic around CSC.

Public transport will be encouraged as a primary mode of traveling, but will coexist with private vehicles, which are expected to remain prevalent. Public transport is integrated with the land use plan to ensure that public transport spines are aligned with high density development corridors and mixed-use development around public transport stations and modules are promoted.

Integrated Transport System to Enhance Connectivity

-  **400ft Wide Main Boulevard (18-Lane)**
Main gateway to CSC from M2 Motorway
-  **Integrated Metro Bus System**
Bus Rapid Transit System serving along two major transport corridors
-  **Public Transport Hubs**
Integrated commercial nodes with multimodal transport interchanges

LEGEND

-  Main Boulevard (BRT-1)
-  Secondary Arterial (BRT-2)
-  Route 1 - CSC-Islamabad BRT Line
-  Route 2 - CSC Bus Line
-  Metro Station
-  Waterbodies

SMART DISTRICTS

CAPITAL HILLS A PEACEFUL DESTINATION FOR FUTURISTIC LIVING

Master Plan integrates the existing rich and natural features through eco-spines and seamless recreational trails. It also takes forward and integrates the existing land use and environmental value map to improve the urban environment by infusing a variety of parks and public open spaces including 18-hole PGA Standard Signature Golf Course by Harradine Golf and adventure zone, bringing people closer to social activities and nature.

100% Protection

Of all rivers, natural areas and slopes greater than 30% - safeguarding vistas and sceneries

20m² Open Space/person

Including a variety of sports, recreation, culture and community gardens

600 Kanal Central Park

Integrated with the Grand Mosque and Financial Square as tourism destination

35 Miles Recreation Trail

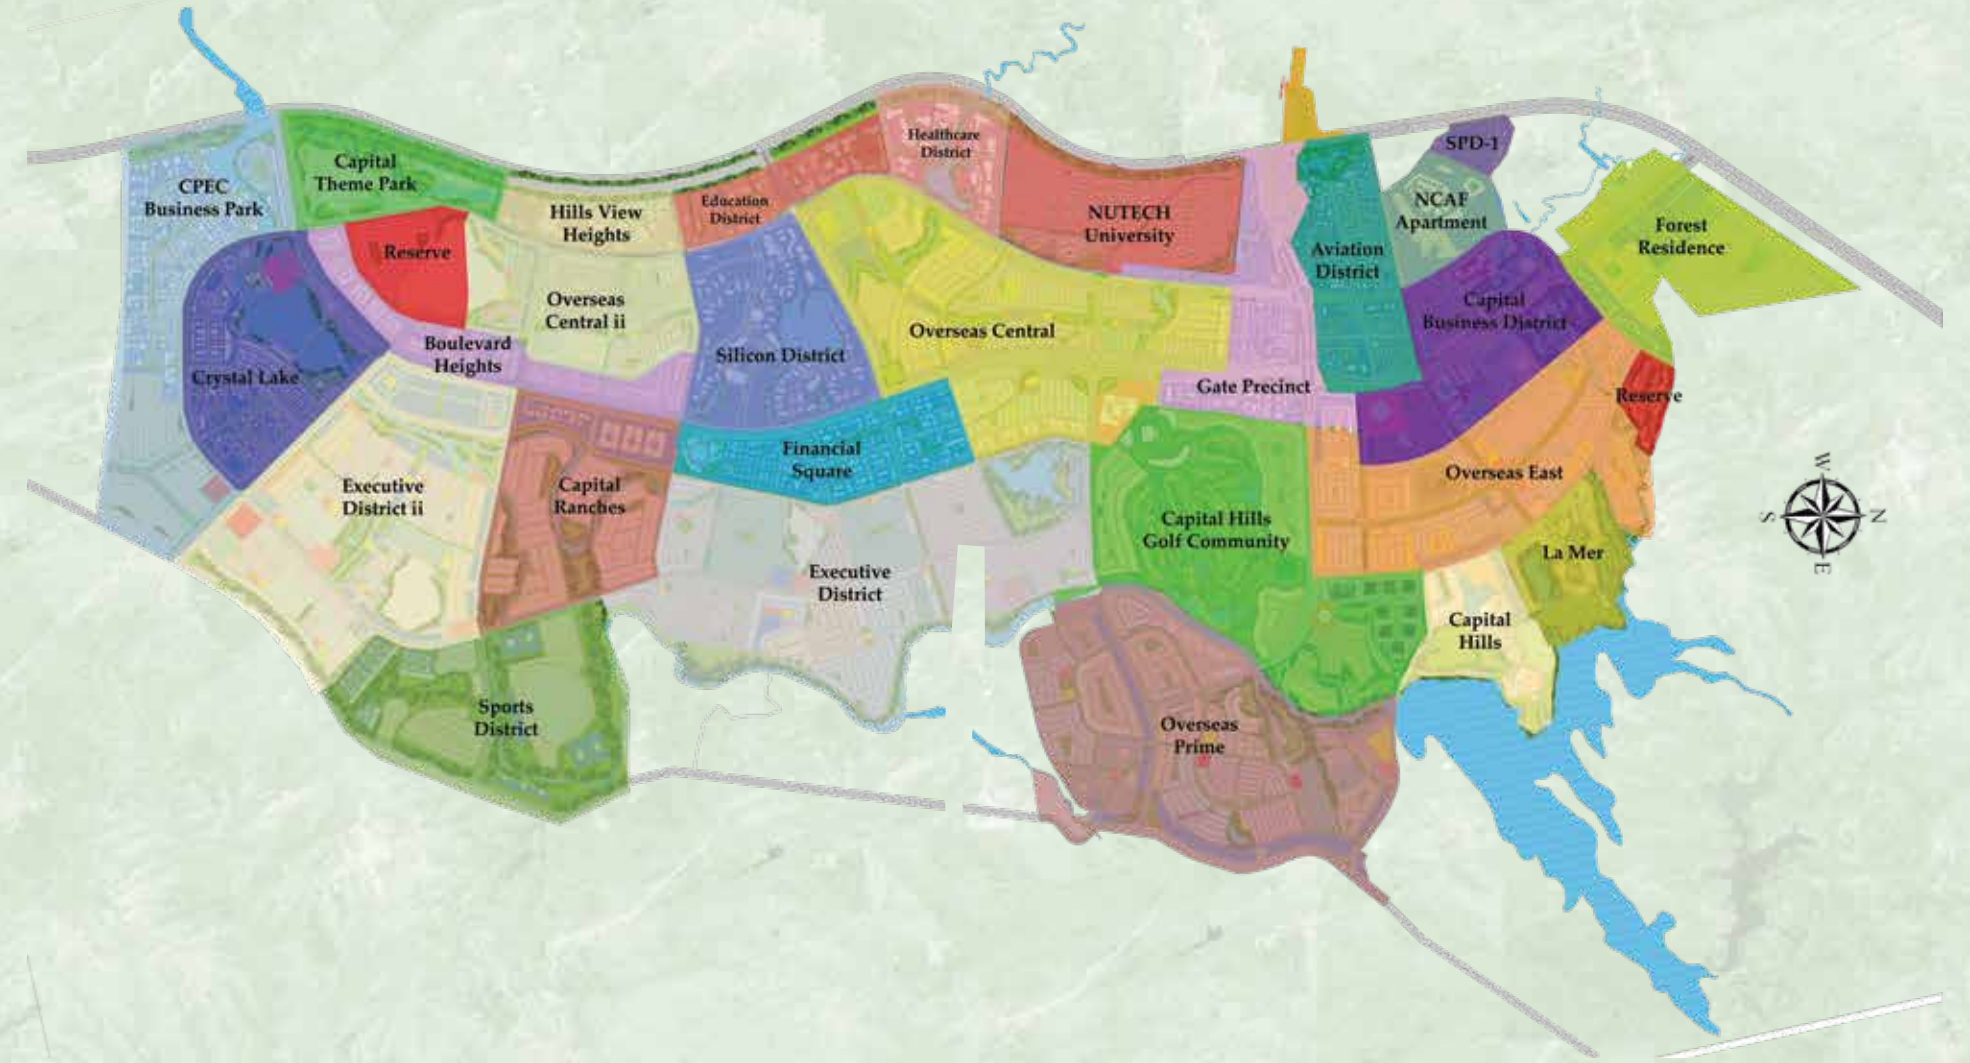

Along eco-spine and rivers within a seamless network

Maximum 500m Walking Distance
Accessibility to Public
Facilities & Open Space

SMART DECISIONS

RESHAPE YOUR LIFE SMARTLY

With the aim to develop strategic growth areas and attract future investments, the concept for CSC captures the radial growth pattern which includes large centrally located business district, well-distributed sub-centres and neighborhood centres in its periphery. A township model is proposed for CSC, guiding the master plan to facilitate traffic flow, offer diverse and affordable choices to nurture vibrant communities.

High to low density housing, ranging from 5 Marla (125 sqyd) to 20 Kanal (10,000 sqyd) residential plots with convenient public facilities serve across various neighborhoods. This includes Golf Course Community, Overseas Block, Mixed-use Waterfront Apartments, as well as Executive Block and Capital Hills.

SMART NATURE SEAMLESS GREEN SPACES

Capital Hills, an exclusive, luxurious and contemporary Golf Community, bringing you a sophisticated urban environment that perfectly integrates natural consciousness in the coentaneous urban design. Exactly the way you visualized it.

Located in the heart of the Smart City project, it includes state-of-the-art 18-holes PGA Standard Signature Golf Course and an international standard Golf Club.

Inspired by the green landscapes and the natural beauty of the region, this integrated golf community creatively combines ecological design with urban architecture. The sustainable eco-system divides itself in three elegant, urban communities with differntly styled villas i.e. Mediterranean styled Golf Course Community, Contemporary styled Lake Views Community and Georgian styled Hills Community.

SMART VILLAS

MEET YOUR MATCH

Capital Hills is a blend of natural settings and modern architecture comprising of villas, duplex's & town-houses along with apartments. The natural surroundings embellish the minimalist town plan carefully designed for one's contemporary and smart lifestyle.

The apartments and villas are designed keeping in mind the contemporary lifestyle surrounded by lush green landscapes which add value to this exclusive housing project. The architecture is modern and sustainable has been designed to perfection in order to meet the needs of futuristic living. Modern amenities, facilities and a leisure club building are parts of this smartly designed housing project featuring F&B, swimming pools, tennis, gym, cinema and play areas. Other amenities include mosque, modern clinics, banquet halls and schools.

We provide you the best match for your dreams with the range of various sizes and types of villas & apartments.

SMART HABITAT

EVERY BREATH YOU TAKE IS FRESH AND PURE
